

ART CLASSES

Fall 2011 term

Teacher: Lidia Kaku, lidiardk@yahoo.com

Materials' fee: \$12

1. Drawing- Introduction
Use of line and geometric figures for drawing.
2. Drawing I -color pencil, pastels
Color theory, use of color, shading.
3. Composition
Use of space, placement of objects on the page.
Balance, asymmetry.
4. Mixed media
An autumn composition treated in different media:
Crayons, tissue paper, etc.
5. Miro: the children will be shown sculptures by the Spanish artist and will be encouraged to create their own with found objects as a base and papier mache and bright primary colors to finish!
6. Chinese New Year project
Metal foil embossing: a plaque to commemorate the year of the dragon

I like children to be engaged and find art interesting and challenging. Learning to draw by observing well will lead them to enjoy their new-found ability in a variety of media and will give them confidence to express themselves. I hope to encourage the use of learned abilities when working on school projects as well.

*The class will be divided by age/ability of students.

*Children who have attended previous years will be encouraged to tackle more difficult projects suitable to their abilities.
